PROFESSIONAL EXPERIENCE

Front-end Developer; Intern (EXINOV)

May 2023 - July 2023

- Building and maintaining responsive and user-friendly web interfaces
- Collaborating with back-end developers to implement and integrate front-end components
- Keeping up with industry trends and advancements in front-end development

Web Developer; Freelance

September 2022 - March 2023

- Creating a full-stack web application
- Creating a front-end using HTML, CSS, Tailwind, Bootstrap, and React
- Creating a back-end using MongoDB, Node, PHP, and MySQL
- Debugging existing code
- Add new features to the existing System

PROJECT HANDLED

Enrollment & admission web app; Front-end Developer

- **Description:** Developed a web application for streamlining the enrollment and admission process for a university. The app allowed prospective students to submit their application materials, track their application status, and receive notifications regarding important deadlines and update
- **Technologies Used:** HTML, CSS, React, PHP, MySQL, Tailwind
- **Role and Responsibilities:**
 - Collaborated with the back-end team to integrate front-end components with server-side APIs
 - Implemented responsive layouts and user-friendly interfaces
 - Developed form validation and data submission features to ensure accurate and secure data collection

Inventory System for Clinic Supply & Student Health Records web app; Main Developer

- **Description:** Developed a web application for managing inventory and student health records for a school clinic. The app allowed clinic staff to track and manage medical supplies, monitor stock levels, and maintain student health records in a secure and efficient manner
- **Technologies Used:** HTML, CSS, Bootstrap, PHP, MySQL, Google Apps Script
- **Role and Responsibilities:**
 - Independently developed the entire web application, handling all aspects of front-end development
 - Implemented responsive and user-friendly interfaces using HTML, CSS, and JavaScript
 - Design and implemented the data management system for inventory and student health records
 - Utilized Google Apps Script to send automated notifications to students upon record approval or decline
 - Conducted thorough testing and debugging to ensure the application's reliability and performance

EDUCATION

Richwell Colleges, Inc | Bachelor of Science in Information System (BSIS) | Plaridel, Bulacan | 2019 - 2023

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, PHP, C#, C++, Sql **Framework/Libraries:** React, Node, Express, Tailwind, Bootstrap

SOFT SKILLS

- Strong Problem-Solving and analytical skills
- Eagerness to learn and continuously improve skills and knowledge
- Excellent attention to details and organizational skills
- Ability to work independently and manage multiple projects simultaneously
